S4400-1-U

MISSISSIPPI HIGHWAY PATROL

VIRTUTE ET ARMIS

HONORABLE JAMES L. ROBERTS, JR.
Commissioner of Public Safety

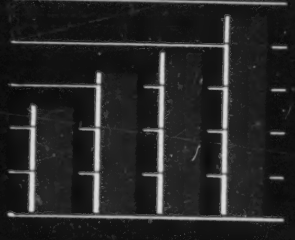
TRAFFIC ACCIDENTS AND ENFORCEMENT ACTIVITIES

DEPARTMENT OF PUBLIC SAFETY / P.O. BOX 958 / JACKSON, MS 39205

D.D. CVITANOVICH
Colonel, MHSP
Chief of Patrol
July 1, 1986 to Present

DONALD L. O'CAIN
Lieutenant Colonel, MHSP
Assistant Chief
July 1, 1986 to Present

1986



ACKNOWLEDGEMENT

This document summarizes statistics pertaining to traffic accidents, traffic law enforcement activities, Driver Services Bureau and The Criminal Investigation Bureau in Mississippi during the calendar year 1986. These Bureaus come under the Department of Public Safety/ Mississippi Highway Safety Patrol. Its purpose is to inform the public and to assist responsible officials in making highways safer and traffic law enforcement more effective. Also to inform the public and officials of the criminal activities within the state.

I would like to thank the following personnel for making this manual possible. Without their help this manual would not be possible. Director Will Spann, Management Information Systems/Data Processing/ Mississippi Justice Information Center. The Printing Bureau who helped in compiling the information and printing. Major Jerry Jones, Director of The Drivers Services Bureau and Major David Huggins of the Criminal Investigation Bureau. This is the first time we have ever included The Criminal Investigation Bureau and I would like to thank Major David Huggins for his fine report.

I would especially like to thank all the personnel in the Statistical Bureau for their devoted efforts in compiling the information in this annual summary.

Lieutenant William M. "Bill" Jones
Director of Statistics

MISSISSIPPI HIGHWAY SAFETY PATROL TRAFFIC STATISTICS

General Traffic Statistics

1986 Quick Facts ---------- 1
General Facts of 1986 ---------- 2
Motor Vehicle Accidents and Related Data 1939-1986 ---------- 3
Number of Registered Vehicles by County ---------- 4-5
Holiday Accidents - Five Year Comparison 1982-1986 ---------- 6

Accident Data

Contributing Circumstances of Accidents ---------- 7
Accidents by Road Surface Condition ---------- 8
Accidents by Light Condition ---------- 8
Accidents by Direction of Two or More Vehicles ---------- 8
Accidents by Type of Accident ---------- 9
Number of Person by Type of Accidents ---------- 10
Physical Condition of Drivers ---------- 11
Type of Vehicles Involved in Accidents ---------- 12
Seat Belt Usage of Drivers ---------- 13
Age of Drivers in Accidents ---------- 14
Sex of Drivers in Accidents ---------- 14
Accidents by Time and Day ---------- 15
Fatal Accidents by Time and Day ---------- 16
Pedestrain Accidents ---------- 17
Pedestrian Accidents by Physical Condition ---------- 18
Pedestrian Actions by Age ---------- 19
All Other Accidents ---------- 20

DUI Related

Contributing Circumstances of Accidents ---------- 21
Accidents by Road Surface Condition ---------- 22
Accidents by Light Condition ---------- 22
Seat Belt Usage of Drivers ---------- 23
Accidents by Direction of Two or More Vehicles ---------- 23
Accidents by Type ---------- 24
Pedestrian Accidents by Physical Condition ---------- 25
Accidents by Number of Persons and Type of Accidents ---------- 26
Accident Types by Physical Condition ---------- 27

Types of Vehicles Involved in Accidents ---------- 28
Age of Drivers in Accidents ---------- 29
Sex of Drivers in Accidents ---------- 29
Fatal Accidents by Time and Day ---------- 30
Accidents by Time and Day ---------- 31
Pedestrian Accidents ---------- 32
List of Fatalities ---------- 33
Pedestrian Actions by Age ---------- 34
List of Injuries ---------- 35
All Other Accidents ---------- 36
Result of Breath Test Analysis to Determine Blood Alcohol Content -- 37
Where Result of Breath Test Analysis to Determine Blood Alcohol Content were given ---------- 38-40
    Enforcement Agency
    Age, Resident, Sex
    Time of Day
    Day of Week
Where DUI Refusal Tests were given ---------- 41-42
    Enforcement Agency
    Age, Resident, Sex

FATALITIES AND INJURIES

List of Fatalities: Bicycle, Vehicle, Pedestrian, Sex and Age ------ 43
Number of Fatalities by Date and Month
    State and Federal Highways ---------- 44
    Statewide ---------- 45
Fatality and Fatal Accidents Deaths by Month and District
    Statewide ---------- 46
    State and Federal Highways ---------- 47
Fatality and Injury Report by County
    Statewide ---------- 48-50
    State and Federal Highways ---------- 51-53
    County ---------- 54-56
    City ---------- 57-59
    Not Stated ---------- 60-61
List of Injuries: Bicycle, Vehicle, Pedestrian, Sex, Age ---------- 62

FIELD ENFORCEMENT ACTIONS

Average Number of Accidents Investigated by District per Man ------- 63*
Yearly Activity District Summary
    District One ---------- 64-65
    District Two ---------- 66-67
    District Three ---------- 68-69
    District Four ---------- 70-71
    District Five ---------- 72-73
    District Six ---------- 74-75
    District Seven ---------- 76-77
    District Eight ---------- 78-79
    District Nine ---------- 80-81
    District Yearly ---------- 82-83

Average Number of Tickets Written per Man by District ---------- 84*
Average Number of Moving Hazardous Violations by District --------- 85*
Accidents Investigated by District ---------- 86*
Miles Traveled per Moving Hazardous Arrests by District ---------- 87*
Yearly Automotive Equipment Expense Report ---------- 88

Glossary ---------- 111-118

IN 1986, THERE WERE

55,064 . . . . . ACCIDENTS

RESULTING IN

766 . . . . . PEOPLE KILLED

24,743 . . . . . PEOPLE INJURED

AND PROPERTY DAMAGE OF

$41,231,000

IN 1986, IN MISSISSIPPI

1,850,269 . . . . . DRIVERS CURRENTLY LICENSED

1,904,329 . . . . . MOTOR VEHICLES WERE REGISTERED

10,893 . . . . . ROADWAY MILES WERE MAINTAINED

GENERAL FACTS OF 1986

766	DEATHS
	15.2 percent more than 1985
666	FATAL ACCIDENTS
	13.5 percent more than 1985
24,743	INJURIES
	18.2 percent more than 1985
80	PEDESTRIAN FATALITIES
	3.9 percent more than 1985
30	MOTORCYCLE FATALITIES
	6.3 percent less than 1985
8	BICYCLE FATALITIES
	11.1 percent less than 1985
6	SCHOOL BUS RELATED FATALITIES
	200.0 percent more than 1985

ACKNOWLEDGEMENT

The Driver Services Bureau of the Department of Public Safety expresses its appreciation to all persons, agencies, departments, and organizations who have contributed in the development and to the preparation of this publication.

A special "thank you" goes to the personnel of the Statistical Branch, under the direction of Lieutenant Bill Jones; the Management Information/Data Processing/Mississippi Justice Information Center, under the direction of Mr. Will Spann; and the Printing Branch, under the direction of Mr. Robert Hilburn, for their dedicated efforts in compiling this information. Without their efforts, this publication would not be possible.

Major Jerry A. Jones
Director, Driver Services Bureau
Department of Public Safety

DRIVER SERVICES BUREAU

Driver Services Bureau personnel have contact with more Mississippians than any bureau within the Department of Public Safety and perhaps more public contact than any agency of state government.

In many cases, driver license examiners and testing clerks are the only personal contact the public has with state government or law enforcement during an entire lifetime. For this reason, the 218 driver services employees strive to set an example and be representative of the Highway Patrol's motto, "Courtesy, Service, and Safety."

The bureau consists of 89 sworn officers and 129 civilian employees in two divisions, Field Operations and Administrative, and seven branches.

Branches under Field Operations are Driver License Examining and Motor Vehicle Inspection. Driver Records, Driver Improvement, Implied Consent, Safety Responsibility, and Statistics make up the Administrative Division.

Functions of the Driver Services Bureau include improving driving habits, enforcing Safety Responsibility laws, maintaining accident reports and records, testing applicants and keeping records on Mississippi's 1.8 million licensed drivers, issuing driver licenses, keeping statistics on traffic accidents and activities of department personnel, monitoring and certifying 1,278 inspection stations, and training personnel in the use and maintenance of breath testing instruments.

During FY 87, bureau personnel processed 338,154 citations,

suspended 95,638 driver licenses, prepared 684,463 motor vehicle driver records, processed 76,758 motor vehicle accident cases, monitored 1,278 motor vehicle inspection stations, renewed 320,368 driver licenses, administered 324,002 driver license examinations, trained and certified 941 persons in the use of breath testing instruments and re-certified 1,983 others, serviced and maintained 173 portable (hand held) and 170 stationary breath testing instruments.

These contacts were made while bureau personnel were performing the following duties:

- Imposing suspensions on drivers convicted of violating the DUI law;
- Examining new applicants for a Mississippi driver license, including out-of-state licenses, but desire to be licensed in Mississippi;
- Issuing and renewing driver licenses;
- Maintaining a complete driver record file on all drivers in Mississippi;
- Improving or suspending drivers who accrue bad driving records;
- Training law enforcement officers in the principles governing breath tests to comply with the Implied Consent Act;
- Implementing and enforcing the Safety Responsibility Laws;

. Compiling and recording facts and figures for the Department of Public Safety; and

. Supervising motor vehicle inspections that ensure motor vehicles are properly equipped at the time of inspection.

Driver Services personnel, collecting fees for driver licenses, accident reports, MVR's, reinstatements, motor vehicle inspections and other documents, accounted for revenues of $12,779,600.00.

STATISTICS BRANCH

Hundreds of statistical categories concerning traffic accidents, accident victims, drivers, citation issuance, etc., are kept by the Statistics Branch of the Department of Public Safety.

We kept information concerning the District Summary which consist of: arrests records, equipment expense of each district, hours on duty and overall activities of each of the nine districts.

This department is responsible for receiving and processing automotive expense reports and activity reports of various departments. These reports consist of:

- Academy Auto
- Security Auto
- Implied Consent Auto
- Driver Services Auto
- Crime Lab Auto
- Driver Improvement Auto
- Intoximeter
- Printing Bureau
- Receiving and Supply Form
- Safety Responsibility
- DUI Refusals
- Administrative Auto
- Air Surveillance Activity
- Air Surveillance Auto
- Motor Vehicle Activity
- Driver Records
- Investigative Auto
- Radio (Communications)
- Driver License Examining Activity
- Shrunk Sheet
- Motor Vehicle Auto

During FY 87, more than 638,770 licensed driver's records were microfilmed and 388,154 tickets that had been issued to violators by municipal police departments, park rangers, county officers and out-of-state agencies to Mississippi license holders were processed.

There are two clerks, one which separates tickets by hazardous, non-hazardous, DUI and failed to appear on city, county, Natchez Trace, MHP and out-of-state. The other clerk separates BACs and microfilms. We microfilm for Driver Improvement, Driver License Examining and Data Processing. The nine Data Entry Operators enter information taken from all tickets, city, county, Natchez Trace, MHP and out-of-state. We also enter the new failed to pay and failure to appear, city, county and out-of-state.

This department keeps statistics on all motor vehicle accidents involving fatalities statewide. This information is kept on daily recap sheets (AR-15). These statistics include, cause of accident, county where it occured, name, age and sex of fatality, time of day it occured, location, type of accident and date of accident. This information is also sent to each district daily and to the State Board of Health and the National Safety Council.

The Fatal Accident Reporting System (FARS) is a census of data on all fatal traffic accidents within the 50 states, the District of Columbia and Puerto Rico. To be included in FARS an accident must involve motor vehicle traveling on a trafficway customarily open to the public and result in the death of a person within thirty (30) days of the accident. The system was conceived, designed and developed by the National Center for Statistics and Analysts (NCSA) of the National Highway Traffic Safety Administration (NHTSA) to provide an overall measure of highway safety to help identify traffic safety problems, to suggest solutions, and help provide an

objective basis to evaluate the effectiveness of motor vehicle safety standards and highway safety programs. Each analyst enters gathered data into a computer which goes directly into NHTSA's central computer data file. Data are automatically checked when entered for acceptable range values and for consistency. Consistency checks ensure that no inconsistent data are entered. FARS data can be used to answer a myriad of questions on the safety conditions of vehicles, drivers, traffic situations, roadways and environmental conditions.

ACKNOWLEDGEMENT

This document summarizes the activities of the Mississippi Criminal Investigation Bureau during calender year 1986. Its purpose is to inform the public of the bureau's mission which is to investigate, report and prevent criminal activities; coordinate activities between state and local authorities involved in crime prevention and investigation and such other tasks as may be assigned.

I would like to thank Lieutenant William "Bill" Jones, the Statistical Staff, and the Printing Bureau for their efforts in compiling this Annual Summary.

Major David R. Huggins
Director of Criminal Investigation

CRIMINAL INVESTIGATION BUREAU

The Criminal Investigation Bureau is divided into two regions (Northern & Southern) to coincide with the two traffic enforcement regions. A regional investigator with the rank of captain is in charge of the investigators of each region. A district investigator with the rank of lieutenant is in charge of the other investigators (master sergeants) within the district. Criminal investigators assigned to each district report to the lieutenant who reports to the regional investigator (captain) who reports to the director (major) of the Criminal Investigation Bureau. This establishes a clearly defined chain of command. The Criminal Investigation Bureau is currently authorized 50 sworn officers as investigators and supervisory personnel for the Department of Public Safety. There is a demand for investigators' services. Requests come from local agencies, other state agencies, and federal agencies. All investigators of the Mississippi Criminal Investigation Bureau come from the ranks of state troopers who are given advanced training in all phases of investigative work.

There are eleven civilian personnel assigned to the Criminal Investigation Bureau.

The Criminal Investigation Bureau assists local, county, and federal authorities in the investigation of criminal cases and crime prevention.

Section 45-3-21, Mississippi Code of 1972, gives the investigators of the Department of Public Safety general police powers to enforce all the laws of the State of Mississippi.

The mission of the Criminal Investigation Bureau is to investigate, report and prevent criminal activities; coordinate activities between state and local authorities involved in crime prevention and investigation and such other tasks as may be assigned.

The Criminal Investigation Bureau gathers and preserves evidence at the crime scene, conducts surveillance, interrogates suspects, makes arrests, fingerprints suspects, compares fingerprints and performs other investigative functions.

Due to the serious illegal drug problem in Mississippi, the CIB continues emphasizing drug investigations. The CIB assists drug enforcement agencies in the investigations of illegal drug activities.

The Criminal Investigation Bureau performs polygraph examinations, classifies fingerprints, provides expert witnesses for court and trains investigators.

The Criminal Investigation Bureau works closely with the Federal Bureau of Investigtion, National Automobile Theft Bureau, Mississippi authorities and authorities in other states in motor vehicle theft investigations. The bureau acts as a clearinghouse for all local, state, and federal authorities involved in checking auto theft cases in Mississippi as well as those which occur out-of-state.

Training has been emphasized during the past year. Many investigators have attended specialized courses. Seven Criminal Investigation Bureau investigators are FBI National Academy graduates and six have completed a three-month course at the LSU Law Enforcement Institute.

Investigators often teach classes of law enforcement officers at the Mississippi Law Enforcement Officers' Training Academy on subjects of homicide and rape, and auto theft investigations.

CORRECTIONAL INTELLIGENCE

In 1984, the State Personnel Board approved the Commissioner's request for a new position, that of Director of Correctional Intelligence, with the rank of lieutenant, for the purpose of gathering criminal intelligence at the State Penitentiary at Parchman. This new position is working well, and strengthening our relationships with Sheriffs, Prosecutors, Corrections, and other agencies.

ADMINISTRATIVE

The Administrative Division of the Criminal Investigation Bureau oversees the day to day administrative duties of the Criminal Investigation Bureau, assist the Director of Criminal Investigative Bureau, administers the Missing Person Unit with emphasis on (upon) children and youth, by collecting, analyzing, and disseminating information about all missing persons.

The Administrative Division schedules and assist in the administering of Polygraph Examinations for the Investigators of the Department of Public Safety, Federal, State, and Local Officers.

The Administrative Division issues Statewide Weapon Permits to qualified applicants, schedules appointments with the Commissioner of Public Safety for the commissioning of Railroad Police Officers.

MISSING PERSONS

The Missing Persons Unit was added to the Administrative Division in FY 85 with emphasis upon children and youths. Governor Bill Allain and Commissioner James L. Roberts, Jr. recognized the need for the unit which went into operation in October 1984. For the first time, Mississippi has a statewide law enforcement agency actually involved in an important need of a modernday society; that of collecting, analyzing, and disseminating information about all missing persons.

During 1986, there were 566 persons reported missing, and there were 412 missing persons located.

POLYGRAPH

The polygraph, commonly referred to as the "lie detector", was put into operation by the Identification June 1957. The polygraph is an aid in the interrogation in criminal cases; but by no means does it eliminate a fullscale investigation at the scene, which is usually needed to obtain a conviction.

The Criminal Investigation Bureau has two licensed examiners administering polygraph examinations. These examiners examined 300 subjects during 1986.

WEAPON PERMITS

The Department of Public Safety is required by the State Statute to issued statewide weapon permits to qualified applicants whose business extends into more than one county.

During 1986, 315 new permits were issued, 309 were renewed, and 131 were cancelled; 400 applications were issued.

RECORDS AND IDENTIFICATION

The Records and Identification Branch maintains criminal and investigative records. A director is in charge of the branch.

There are six civilians assigned to records and identification. A fingerprint examiner classifies, files, and searches the fingerprint cards. Fingerprint cards are received from police departments, sheriffs' offices, MHP investigators, the Mississippi State Penitentiary, and other investigative agencies.

On December 31, 1986, there were approximately 405,000 finperprints on file in the Records and Identification Branch. During 1986, approximately 10,000 fingerprint cards were processed by the branch.

BRANDS

Under Mississippi law, livestock owners are required to register their branding irons with this department if they use brands on their cattle. To brand cattle without first registering the brand is a violation of state law. Branding cattle is not required by statute but is used as identification of cattle by owners.

Brands are recorded for a five-year period. The present period began July 1, 1982, and ends June 30, 1987, at which time brand owners will be mailed a notice to re-register. The fee for each period is $5.00 per copy.

Since the Brands Branch began in 1952, the department has registered more than 10,000 brands. There are 4,000 brands currently active.

GLOSSARY

ACCIDENT - An accident is an unstabilized situation which includes at least one harmful event not directly resulting from a cataclysm.

AUTOMOBILE - An automobile is a motor vehicle other than a motorcycle, consisting primarily of a transport device designed for carrying ten or fewer persons.

BUS - A bus is a motor vehicle consisting primarily of a transport device designed for carrying more than ten persons.

CATACLYSM - A cataclysm is a cloudburst, cyclone, earthquake, flood, hurricane, lightning, tidal wave, torrential rain, tornado or volcanic eruption.

COLLISION INVOLVING ANIMAL - A collision involving animal is a collision accident in which the first harmful event is the collision of an animal powering another road vehicle and a road vehicle in transport.

COLLISION INVOLVING FIXED OBJECT - A collision involving fixed object is a collision accident in which the first harmful event is the striking of a fixed object by a road vehicle in transport. Fixed objects include such objects as guardrails, bridge railings, barricades, impact attenuators, trees, embedded rocks, utility poles, ditches, steep earth or rock slopes, culverts, fences and buildings.

COLLISION INVOLVING MOTOR VEHICLE IN TRANSPORT - A collision involving motor vehicle while in transport is an accident that is both a motor vehicle accident and a collision accident in which the first harmful event is the collision of two or more vehicles in transport.

COLLISION INVOLVING OTHER OBJECT - A collision involving other object is a collision accident other than a (1) collision involving pedestrian, (2) collision involving motor vehicle in transport, (3) collision involving other road vehicle in transport, (4) collision involving parked motor vehicle, (5) collision involving railway vehicle, (6) collision involving pedalcycle, (7) collision involving animal, (8) collision involving a fixed object.

COLLISION INVOLVING OTHER ROAD VEHICLE IN TRANSPORT - A collision involving other road vehicle in transport is an accident that is both an other road vehicle accident and a collision accident in which the first harmful event is the collision of two or more other road vehicles in transport.

COLLISION INVOLVING PARKED MOTOR VEHICLE - A collision involving parked motor vehicle is a collision accident in which the first harmful event is striking of a motor vehicle not in transport by a road vehicle in transport.

COLLISION INVOLVING PEDALCYCLE - A collision involving pedalcycle is an accident that is both a motor vehicle accident and a collision accident in which the first harmful event is the collision of a pedalcycle and a motor vehicle in transport.

COLLISION INVOLVING RAILWAY VEHICLE - A collision involving railway vehicle is a collision accident in which the first harmful event is the collision of a road vehicle in transport and a railway vehicle.

DAMAGE - Damage is harm to property that reduces the monetary value of that property.

DRIVER - A driver is an occupant who is in actual physical control of a transport vehicle or, for an out-of-control vehicle, an occupant who was in control until control was lost.

FATAL ACCIDENT - A fatal accident is any injury accident that results in one or more fatal injuries.

FATAL INJURY - A fatal injury is any injury that results in death. For most purposes it is reasonable to assume that all deaths resulting from injuries occur within 30 days of the injury accident.

INCAPACITATING INJURY - TYPE A - An incapacitating injury is any injury, other than a fatal injury, which prevents the injured person from walking, driving, or normally continuing the activities he was able of performing before the injury occurred.

INCLUSION - Severe lacerations, broken or distorted limbs, skull or chest injuries, abdominal injuries, unconscious at or when taken from the accident scene; unable to leave accident scene without assistance.

EXCLUSION - Monetary unconsciousness.

INJURY - An injury is bodily harm to a person.

INJURY ACCIDENT - An injury accident is any road vehicle accident that results in one or more injuries.

INTERSECTION - An intersection is an area which contains a crossing or connection of two or more roadways not classified as driveways access and/or is embraced within the prolongation of the lateral curb lines, or if none, the lateral curb lines, or if none, the lateral boundary lines of the roadways. Where the distance along a roadway between two areas meeting these criteria is less than 10 meters (33 feet), the two areas and the roadway connecting them are considered to be parts of a single intersection.

INTERSTATE HIGHWAY - An interstate highway is a trafficway in the interstate system.

INTERSTATE SYSTEM - The interstate system is the National System of Interstate and Defense Highways as defined in Section 101, Title 23, United States Code.

LIGHT TRUCK - A light truck is a motor vehicle consisting primarily of a transport device designed for carrying a load of property weighing up to 200 kilograms (4409 lbs.) on or in the device. Light trucks have pick-up, panel or van bodies.

LOCAL (CITY) STREET - A local street is a trafficway within a city trafficway system that is not an interstate highway, other U.S. route numbered highway, other state route numbered highway or county road.

MOTOR VEHICLE - A motor vehicle is any motorized (mechanically or electrically powered) road vehicle not operated on rails.

MOTOR VEHICLE ACCIDENT - A motor vehicle accident is a transport accident that (1) involves a motor vehicle in transport, (2) is not an aircraft accident or watercraft

accident and (3) does not include any harmful event involving a railway train in transport prior to involvement of a motor vehicle in transport.

MOTOR VEHICLE DAMAGE - Motor vehicle damage is road vehicle damage to a motor vehicle.

MOTORCYCLE - A motorcycle is a motor vehicle consisting primarily of a two-wheeled or three-wheeled transport device designed for carrying one or two persons. Motor scooters, minibikes and mopeds are motorcycles.

NON-INCAPACITATING EVIDENT INJURY - TYPE B - A non-incapacitating evident injury is any injury, other than a fatal injury or an incapacitating injury, which is evident to observers at the scene of the accident in which the injury occurred.

INCLUSION - Lump on head, abrasions, bruises, minor lacerations.

EXCLUSION - Limping (the injury cannot be seen).

NON-COLLISION ACCIDENT - A non-collision accident is any road vehicle accident other than a collision accident.

INCLUSION - Overturning accident, accidential poisoning from carbon monxide generated by a road vehicle in transport, breakage of any part of the road vehicle, resulting in injury or in further property damage, explosion of any part of the road vehicle, fire starting in the road vehicle, fall or jump from the road vehicle, occupant hit by an object in, or thrown against some part of the road vehicle, injury or damage from moving part of the road vehicle, chemicals leaking out of the road vehicle, toxic or corrosive chemicals leaking out of the road vehicle, injury or damage involving only the road vehicle that is of a non-collision nature, such as a bridge giving way under the weight of a road vehicle, striking holes or bumps on the surgace of the trafficway or driving into water without overturning or collision.

EXCLUSION - Being pushed from road vehicle when this is an act of deliberate intent and object thrown towards, or in, or on the road vehicle by a person when this is an act of deliberate intent.

OCCUPANT - An occupant is any person who is part of a transport vehicle.

OTHER STATE ROUTE NUMBERED HIGHWAY - An other state route numbered highway is a trafficway within a state trafficway system but not an interstate highway or other U.S. route numbered highway.

OVERTURNING ACCIDENT - An overturning accident is a road vehicle accident in which the first harmful event is the overturning of a road vehicle.

PASSENGER - A passenger is any occupant of a road vehicle other than its driver.

PEDALCYCLE - A pedalcycle is a non-motorized other road vehicle propelled by pedaling.

PEDESTRIAN - A pedestrian is any person who is not an occupant.

PERSON - A person is any living human. Within the context of this manual, a fetus is not considered to be a person.

POSSIBLE INJURY - TYPE C - A possible injury is any injury reported or claimed which is not a fatal injury, incapacitating or non-incapacitating evident injury.

INCLUSION - Monetary unconsciousness, claim of injuries not evident, limping, complaint of pain, nausea, hysteria.

PROPERTY - Property is any physical object other than a person.

INCLUSION - Real property, personal property, animals, signs, guardrails, impact attentuators.

PROPERTY DAMAGE ONLY ACCIDENT - A property damage only accident is a non-injury accident.

RAILWAY VEHICLE - A railway vehicle is any land vehicle that is designed primarily for or in the use of moving persons or property from one place to another on rails and not in use on a landway other than a railway.

INCLUSION - Damage to any part of a road vehicle.

EXCLUSION - Injury to any person, whether or not the person is part of the road vehicle.

ROAD - Road is the part of a trafficway which includes both the roadway and any shoulder alongside the roadway.

ROADWAY VEHICLE DAMAGE - Road vehicle damage is damage to a road vehicle,

INCLUSION - Damage to any part of a road vehicle.

EXCLUSION - Injury to any person, whether or not the person is part of the road vehicle.

ROADWAY - A roadway is that part of a trafficway designed, improved and ordinarily used for motor vehicle travel or where various classes of motor vehicle travel or motor vehicles are segregated, that part of a trafficway used by a northbound and southbound traffic or for trucks and automobiles.

RURAL AREA - A rural area is any area which is not within urban areas.

SHOULDER - A shoulder is that part of a trafficway contiguous with the roadway for emergency use, for accomodation of stopped road vehicles and for lateral supof the roadway structure.

TRAFFIC ACCIDENT - A traffic accident is a road vehicle accident in which the (1) unstabilized situation originates on a trafficway or (2) a harmful event occurs on a trafficway.

TRANSPORT DEVICE - A transport device is a device designed primarily for moving persons or property along with the device itself from one place to another, except (1) a weapon, (2) a device used primarily within the confines of a building and its premises, or (3) a human powered non-motorized device not propelled by pedalling.

TRANSPORT VEHICLE - A transport vehicle consists of one or more devices or animals and their load. Such devices or animals must include at least one of the following: (1) a transport device, or a unit made up of connected transport devices, while idle or in use for moving persons or property from one place to another, (2) an animal or team of animals while in use for moving persons or property other than the animal or team itself from one place to another, or (3) a

device such as construction, farm or industrial machinery outside the confines of a building and its premises while in use for moving person, the device itself or other property from one place to another. If such a device or animal has a load, the load is part of the transport vehicle. Loads include any person or property upon, or set in motion by the device or animal; any persons or property attached to and in position to move with the device or animal. If the load upon a transport device includes another transport device, the entire unit, including the load, is considered to be a single transport device.

TRUCK COMBINATION - A truck combination is a motor vehicle consisting primarily of a transport device which is a single unit truck or truck tractor together with any attached trailer or semi-trailer.

TRUCK TRACTOR - A truck tractor is a motor vehicle consisting primarily of a single motorized transport device designed for drawing trailers or semi-trailers but not for carrying other property on or in the device.

URBAN AREA - An urban area whose boundaries shall be those fixed by responsible state and local officials in cooperation with each other and approved by the Federal Highway Administration, U.S. Department of Transportation. Such boundaries are established in accordance with the provisions of Title 23, United States Code. Urban area boundary information is available from state highway departments. In the event that boundaries have not been fixed as above for any urban place designed by the Bureau of Census having a population of 2,500 or more, the area within the boundaries fixed by the Bureau of Census shall be an urban area.
